# Manage with Convenience

#### **Smooth Work Permit Flow**

Employees can generate Work Permit for Equipment Isolation and concerned In- Charge Issues Permit to Work. Work Permit closing procedures follows convenient Normalisation.

### Scan QR Code from Field

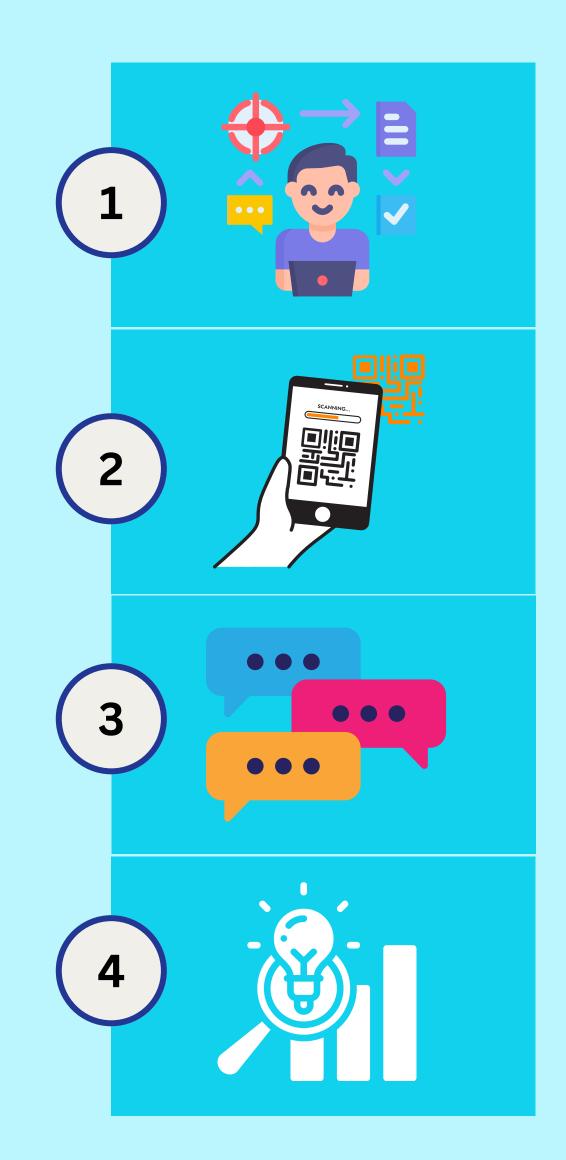

Field Engineer confirms Equipment Isolation & Normalisation from Field by scanning equipment specific personalised QR Code for better reliability on Safe In.

#### **Improved Communication**

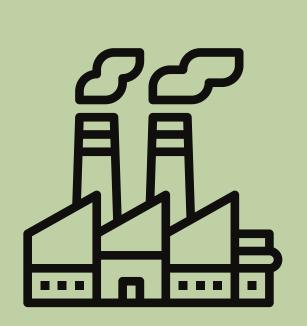

Safe In has been designed by Industry Experts for convenient communicating interface for better Operational efficiency.

#### **Interactive DASHBOARD**

Dashboard showing insights on Equipment and Work Permits, & Archives. Robust system to manage O&M Resources for better & convenient Management.
